La ditta Landa illuminotecnica ha sede a Lumezzane, Brescia, area dell'Italia del nord conosciuta per il suo spirito imprenditoriale che ha saputo distinguersi in diversi settori. Presente sul mercato dal 1987, si è affermata con la sua ampia gamma di lampade da esterno non solo sul mercato europeo ma a livello mondiale. L'intera produzione avviene all'interno della ditta, consentendo un costante monitoraggio di tutte le fasi produttive fino al momento della spedizione. Vanta inoltre un'equipe di progettazione che non solo riesce a soddisfare le esigenze presentate dalla clientela ma è anche attenta ad anticipare i nuovi bisogni ed i nuovi trend del gusto. Tutto ciò ha permesso una continua crescita in un mercato sempre più competitivo.

[www.landa.it](http://www.landa.it)

Le siège de la société Landa Illuminotecnica est situé à Lumezzane, près de Brescia, une zone de l'Italie du nord réputée pour son esprit d'entreprise et qui a su se distinguer dans différents secteurs d'activité. Depuis 1987 Landa s'est imposée avec une vaste gamme de luminaires pour extérieur, non seulement sur le marché européen mais également au niveau mondial. Toute la production est réalisée en interne, ce qui permet un contrôle constant de toutes les phases productives jusqu'au moment de l'expédition. Landa dispose d'une équipe de Recherche & Développement capable non seulement de satisfaire les exigences actuelles des clients, mais aussi d'anticiper les nouveaux besoins et l'évolution des goûts et des attentes. Tout ceci a permis une progression constante dans un marché toujours plus concurrentiel.

# LANDA®

🇬🇧 Landa Illuminotecnica is situated in Lumezzane, Brescia, an area of northern Italy well known for the entrepreneurial spirit of its people, which has made this area very successful in many fields.

Landa was founded in 1987 and has made itself known on the outdoor lighting market, both in Europe and Worldwide, with a comprehensive range of products. All production stages are carried out within the factory bound, so that every step, from production to delivery, can be carefully monitored. Landa's team seeks to fulfil customers' needs as well as trying to anticipate future market needs and trends.

This continuous effort has enabled us to achieve constant growth in an increasingly competitive market.

🇪🇸 La empresa Landa Illuminotecnica sita en Lumezzane, Brescia, Italia, conocida por su espíritu emprendedor y supo diferenciarse en varios sectores. Está presente en el mercado desde 1987, se ha consolidado con un extenso surtido de lámparas para exteriores, estamos presentes no solamente en Europa más bien en el mercado a nivel mundial. La totalidad de nuestras piezas están hechas directamente en nuestras instalaciones así controlamos cada paso de la producción desde el comienzo hasta el despacho. Tenemos un grupo de técnicos para proyectar nuestra producción que, no solamente llega a satisfacer las exigencias presentadas por nuestros clientes, también están atentos a anticipar los gustos, las tendencias y las nuevas necesidades del mercado. Todo esto nos ha permitido crecer en un mercado cada vez más competidor.

🇩🇪 Landa Illuminotecnica hat seinen Sitz in Lumezzane Brescia im Norden Italiens, bekannt für seinen Unternehmungsgeist, was die Gegend in so vielen Bereichen erfolgreich macht. Die Firma Landa wurde 1987 gegründet und hat seitdem eine große Auswahl von Außenleuchten entwickelt, die jetzt auf der ganzen Welt bekannt sind. Jede Stufe der Produktion findet innerhalb der Firma statt, so kann die Ware von der Produktion bis zur Lieferung bestens kontrolliert werden. Unsere Firma beschäftigt ein Planungsteam, das den Ansprüchen der Kunden nachkommt und neue Bedürfnisse und Trends aufgreift. Das hat uns die Möglichkeit gegeben, ein stetiges Wachstum in einem immer wettbewerbsintensiveren Umfeld zu erreichen.

I prodotti Landa variano dal tradizionale al moderno e tecnico, tutti realizzati con materiali accuratamente selezionati e sottoposti ai più moderni trattamenti che ne garantiscono la più elevata resistenza agli agenti esterni.

Landa's products range from Traditional to Modern as well as Technical and are all manufactured with carefully selected materials and submitted to the most up to date treatments in order to guarantee the highest resistance to atmospheric agents.

Les produits LANDA varient du style traditionnel au moderne et technique. Tous les articles sont réalisés à partir de matériaux soigneusement sélectionnés et soumis aux traitements les plus modernes pour en assurer la résistance maximum aux agents atmosphériques.

Los productos Landa varían desde lo tradicional a lo moderno y técnico. Todas nuestras piezas están hechas con materiales escogidos con esmero y tratados con los más modernos métodos de trabajo que garantizan la más elevada resistencia.

Landa bietet verschiedene Produktlinien, von traditionell über modern bis technisch. Landa verwendet nur Materialien, die sorgfältig geprüft werden und den modernsten Verarbeitungen entsprechen, um eine hohe Wetterbeständigkeit zu erreichen.

# Country

## COLLECTION

### **Il principio è semplice: verniciare decorando**

Film transfer prestampato con pigmenti organici fotosensibili e resine di cellulosa, avvolto interamente sul profilo. Il metodo di decorazione o stampa utilizzato è quello per sublimazione o stampa a caldo. La sublimazione è il passaggio fisico di una materia dallo stato solido a quello aeriforme senza passare dallo stato liquido. Processo produttivo non inquinante: il trasferimento è pulito e secco, senza residui di materiale colorante o residui chimici, acqua di rifiuto: il personale, i boschi, le montagne e i mari ringraziano.

Corpo: alluminio estruso

Test in nebbia salina: > 1500 ore

### **The principle is simple: coating decorating**

Pre-printed film transfer with organic photo sensitive pigments and cellulose resin, completely wrapped around the profile. The decoration or printing method used is the sublimation or heat printing. Sublimation is the physical process: a material changes from a solid condition into a gas condition without ever turning into a liquid condition. Production process is not polluting: the transfer is clean and dry, no colour material waste, no chemical waste, no water waste: personal, woods, mountains and seas are grateful.

Body: aluminium extruded

Test in saline mist: > 1500 hours

### **Le principe est simple: peindre en décorant**

Le film pour transfert pré-imprimé avec pigments organiques photosensibles et résine de cellulose enveloppe entièrement le profil. La méthode de décoration ou d'impression utilisée est celle de la sublimation ou impression à chaud. La sublimation est le passage physique d'une matière de l'état solide à l'état gazeux sans passer par l'état liquide. C'est un procédé de production non polluant: le transfert est précis et sec, sans résidus de matériels colorants, chimiques ou d'eau: le personnel, les bois, les montagnes et les mers remercient.

Corps: aluminium extrudé

Test dans le brouillard salin: > 1500 heures

# new color oxide

## El principio es sencillo: pintar decorando

La película plástica ya estampada con pigmentos orgánicos fotosensibles y resinas de celulosa, envuelven completamente el perfil. El método de decoración o impresión utilizado es el de sublimación o impresión a calor. La sublimación es el paso físico de una materia del estado sólido al gaseoso sin pasar por el estado líquido. Proceso productivo no contaminante: él es limpio y seco, sin residuos de material colorante u residuos químicos, agua de residuo: el personal, los bosques, las montañas y los mares agradecen.

Cuerpo: aluminio extrusionado

Test en neblina salinizada: > 1500 horas

## Das Prinzip ist einfach: lackieren und dekorieren

Es wird zuerst ein Kunststofffilm mit organischen, lichtempfindlichen Pigmenten und Zellharz bedruckt, mit dem das ganze Profil eingehüllt wird. Die Dekorations- oder Druckmethode nennt man Sublimation oder Warmumformen. Sublimation ist der physische Übergang eines Stoffes vom festen Zustand zum gasförmigen Zustand, ohne einen flüssigen Zustand zu haben. Das ist ein umweltfreundlicher Herstellungsprozess, der sauber und trocken ist, ohne Materialrückstand, Chemierückstand und Abwasser. Die Menschen, der Wald, die Berge und die Meere danken uns dafür.

Körper: aluminium

Test Korrosiongeschützt: > 1500 Stunden

# pali posts / poteaux / postes / Maste

Nuovi pali fissi realizzati tramite fusione e profilati

New cast and extruded fixed posts - Nouveaux poteaux réalisés par fusion et extrusion -

Nuevos postes fijos producidos en aluminio inyectado y perfilado - Neue fixe Maste aus Aluminiumdruckguss und Stranggepresst

160 TRADITIONAL

CODE: **00CRP** for posts: **.PF - .PE - .PR**

Nuovi pali regolabili in altezza realizzati tramite fusione e profilati  
 New cast and extruded posts with adjustable height. - Nouveaux poteaux réglables en hauteur réalisés par fusion et extrusion. - Nuevos postes ajustables en altura en aluminio inyectado y perfilado. - Neue höhenverstellbare Maste aus Aluminiumdruckguss und stranggepresst.

- Piastra in acciaio compressa
- Stainless steel plate included
- Embase en acier inox comprise
- Chepa en acer inox incluida
- Edelstahl Platte inklusive

I prodotti del Gruppo Landa, sono conformi alle norme europee

The products of Landa Group are conformed to European standards.

Les produits du groupe Landa sont conformes aux normes européennes

Los productos del la Landa Group están fabricados según las normativas de la Comunidad Europea

Die Produkte der Gruppe Landa entsprechen den europäischen Vorschriften

Indica che il prodotto è certificato secondo le norme europee.  
*Indicates that the product conforms to European standards.*  
*Indique que le produit est certifié conformément aux normes européennes.*  
*Los productos están fabricados según las normativas de la Comunidad Europea.*  
*Bedeutet, dass das Produkt entsprechend den europäischen Vorschriften zertifiziert ist.*

IP..

"IP" indica la classificazione secondo il grado di protezione contro la penetrazione di polvere, corpi solidi ed umidità.  
*"IP" indicates the degree of protection against penetration of dust, solid bodies and humidity.*  
*"IP" indique la classification selon le degré de protection contre la pénétration de la poussière, des corps solides et de l'humidité.*  
*"IP": protección contra la penetración de objetos sólidos y protegido contra los líquidos.*  
*"IP" entspricht der Klassifizierung des Schutzgrads in Bezug auf das Eindringen von Staub, festen Körpern und Feuchtigkeit.*

IP20

Protetto contro la penetrazione dei corpi solidi Ø >12 mm e non contro i liquidi.  
*Protected against penetration of solid bodies Ø >12 mm but not against liquids.*  
*Protégé contre la pénétration des corps solides Ø >12 mm et non contre les liquides.*  
*Protección contra la penetración de objetos sólidos menor que 12 mm. y no protegido contra los líquidos*  
*Gegen Eindringen von festen Körpern Ø >12 mm bzw. nicht gegen Flüssigkeiten geschützt.*

IP23

## Terms & Conditions

### General

- Buyer means the person, firm or company who purchases Goods from the company
- Company means Landa Illuminotecnica S.p.A.. via Rosmini 13/15, 25065 Lumezzane (BS), Italy
- Contract means the Contract between the Buyer and the Company for the sale and purchase of Goods
- Goods means the Goods which the Company is to supply in accordance with these conditions

### Basic of Sale

- The Company shall sell and the Buyer shall purchase the Goods in accordance with these conditions, which shall govern the Contract to the exclusion of any other terms and conditions which the Buyer purports to apply under any purchase order, confirmation order, specification or other document
- No variation to these conditions shall be binding unless agreed in writing by the Company
- Any typographical, clerical or other error or omission in any sales literature, quotation, price list, acceptance of offer, invoice or other document or information issued by the Company shall be subject to correction without liability on the part of the Company.
- Goods supplied may vary in detail from illustrations, drawings, measurements and descriptions set out in the Company sales literature, which are approximate and for guidance only and will not form part of the Contract. Colour finishes will be maintained as accurately as possible but matching cannot be guaranteed. All terminology used in the Company's sales literature is subject to these conditions.

### Orders

- No order submitted by the Buyer shall be deemed to be accepted by the Company unless and until confirmed in writing by the Company
- The Buyer shall be responsible to the Company for ensuring the accuracy of the terms of any order submitted by the Buyer, and for giving the Company any necessary information relating to the Goods within a sufficient time to enable the Company to perform the Contract in accordance with its terms.
- No Goods may be returned to the Company without the Company's prior written consent and must be returned in their original packaging to ensure no damage is sustained during transit. The Buyer shall be liable for the cost of returning the Goods and for any damage to the Goods prior to receipt by the Company of such returned Goods.

### Price of Goods

- The price of the Goods shall be the price listed in the Company's published price list in EURO currency.
- Unless otherwise agreed in writing between the Buyer and the Company, all prices are given by the Company on an ex-works basis, and where the Company agrees to deliver the Goods otherwise than at the Company's premises. The Buyer shall be liable to pay the Company's charges for transport.

### Warranties

- Outdoor lighting fixtures are guaranteed against defects in material or workmanship for a period of two years following the date of delivery ex-works.
- No warranty is granted in connection with faults resulting from improper use, application, normal wear and tear, external influences or use of non-original replacement parts, damage resulting from transportation.
- The Company recommends that the installation of outdoor lighting fixtures is made by a skilful person and that the enclosed assembly instructions are followed and kept for further future maintenance.
- The Company will not assume responsibility for corrosion or other resulting damage to the Goods where they are installed in areas in which fertilizer or salt are present, either in the air or in the soil or where Goods are installed near to chemical plants etc with emissions of heavily polluted air. The Buyer undertakes to inform his customers about the regular maintenance of the products. In particular for the products in stainless steel AISI 316, by means of the technical sheets included in his catalogue, the distributor will inform his customer regarding the specific products (among which also those available from the Company aimed to remove possible colour spots) liable to keep the features of the products unaltered. Claims should be promptly submitted in a written form to the Company together with copy of the purchase invoice and stating the delivery date, description of the faults and quantity of faulty products. Products that are proved to be defective in material or workmanship will be repaired, replaced by the Company within a reasonable period after the claim. Returns of faulty Goods will be accepted by the Company only upon written authorization, adequately despatched and packed with transport prepaid. Extra costs borne by the Buyer in consequence of the faults of the products will not be carried by the Company, if not previously agreed in written form.
- The Company will not assume any responsibility in the following cases: improper assembly, use or maintenance of the products and their incorrect conservation. This guarantee shall not apply to products that have been altered, improperly used or installed or repaired without prior written authorization from the Company. If quality and performance have become less due to the application of accessories not approved by the Company. This guarantee deletes and replaces any other further responsibility arising from the products supplied; in particular the Buyer shall have no right to claim for damages reimbursement (indirect or consequent damages included or profit losses) reduction of prices or resolution of the Contract.
