BELID

BULLO XL

Bullo XL is the next generation in the Bullo family. A bit larger, a bit more. The glass measures 380mm and this ceiling light is therefore perfect in the space where the original Bullo feels a bit small. Both Bullo and Bullo XL is approved for bathrooms. The design comes in five colors and with two different glasses, clear and opal.

SOFT

Soft is one of our classic ceiling lights that has now been updated with a handmade wool fabric shade in several new colors, available in three sizes. The fabric has flame retardant and sound absorbing properties. The diffuser has been updated to high quality acrylic in a matte finish for best light comfort. At the same time, we keep the classic variant with shade and diffuser in white linen and gray and natural linen with diffuser in white chintz. A classic is still a classic.

Soft ceiling fits perfectly in those environments where a pendant is not the optimal choice, like a hallway, bedroom, corridor or waiting room.

All shades are carefully sewn in our own sewing studio locally in Varberg and with the customer in mind.

SINNE

With a fundamental idea of a classic elliptical shape, Sinne sits close to the wall and gives a slim appearance. To give Sinne more personality we have chosen to break up the elliptical shape with a certain angularity. The luminaire also has beveled ends which allow the fine inside to be visible. Sinne gives a decorative directed up and down light with a wide angle. The series is designed for halls, corridors and stairs and other spaces where a compact luminaire is desired.

SINNE

With a fundamental idea of a classic elliptical shape, Sinne sits close to the wall and gives a slim appearance. To give Sinne more personality we have chosen to break up the elliptical shape with a certain angularity. The luminaire also has beveled ends which allow the fine inside to be visible. Sinne gives a decorative directed up and down light with a wide angle. The series is designed for halls, corridors and stairs and other spaces where a compact luminaire is desired.
